

## TOPLINE & METHODOLOGY

### ABC News/Ipsos Poll

Conducted by Ipsos using the probability-based KnowledgePanel®  
**A survey of the American general population (ages 18+)**  
*Interview dates: June 11 to June 12, 2021*

*Number of interviews, adults: 509*

*Margin of error for the total sample: +/- 4.7 percentage points at the 95% confidence level*

*NOTE: All results show percentages among all respondents, unless otherwise labeled. Reduced bases are unweighted values.*

*NOTE: \* = less than 0.5%, - = no respondents*

---

#### Annotated Questionnaire:

1. How much confidence do you have in Joe Biden to do the right thing regarding world affairs:

	<b>Total</b>
A lot of confidence	32
Some confidence	26
Not too much confidence	19
No confidence at all	24
Skipped	*
<i>A lot/some confidence (Net)</i>	<i>57</i>
<i>Not too much/no confidence at all (Net)</i>	<i>42</i>

2. How much do you trust Joe Biden to negotiate on America's behalf with other world leaders:

	<b>Total</b>
A great deal	29
A good amount	23
Just some	18
Not at all	30
Skipped	*
<i>A great deal/a good amount (Net)</i>	<i>52</i>
<i>Just some/not at all (Net)</i>	<i>48</i>

## TOPLINE & METHODOLOGY

3. How much do you trust Joe Biden to negotiate on America's behalf with Russian leader Vladimir Putin:

	<b>Total</b>
A great deal	26
A good amount	23
Just some	16
Not at all	34
Skipped	1
<i>A great deal/a good amount (Net)</i>	<i>49</i>
<i>Just some/not at all (Net)</i>	<i>50</i>

4. Under Joe Biden, do you think America's leadership in the world has gotten:

	<b>Total</b>
Stronger	44
Weaker	36
Remained about the same	19
Skipped	*

5. Thinking about long-range foreign policy goals, how much priority, if any, do you think each of the following should be given?

<b>Preventing the spread of weapons of mass destruction</b>	<b>Total</b>
Top priority	57
Some priority	38
No priority	5
Skipped	1

<b>Protecting the jobs of American workers</b>	<b>Total</b>
Top priority	65
Some priority	30
No priority	4
Skipped	1

<b>Reducing U.S. military commitments overseas</b>	<b>Total</b>
Top priority	27
Some priority	58
No priority	15
Skipped	1

## TOPLINE & METHODOLOGY

5. Thinking about long-range foreign policy goals, how much priority, if any, do you think each of the following should be given?

<b>Limiting the power and influence of Russia</b>	<b>Total</b>
Top priority	40
Some priority	52
No priority	7
Skipped	1

<b>Promoting democracy in other nations</b>	<b>Total</b>
Top priority	16
Some priority	60
No priority	23
Skipped	1

<b>Reducing the number of undocumented immigrants coming into the U.S.</b>	<b>Total</b>
Top priority	44
Some priority	39
No priority	17
Skipped	1

<b>Limiting the power and influence of China</b>	<b>Total</b>
Top priority	45
Some priority	47
No priority	7
Skipped	1

<b>Maintaining the U.S. military advantage over all other countries</b>	<b>Total</b>
Top priority	43
Some priority	44
No priority	12
Skipped	1

<b>Dealing with global climate change</b>	<b>Total</b>
Top priority	43
Some priority	38
No priority	19
Skipped	1

## TOPLINE & METHODOLOGY

<b>Promoting and defending human rights in other countries</b>	<b>Total</b>
Top priority	21
Some priority	61
No priority	17
Skipped	1

<b>Reducing the spread of infectious diseases</b>	<b>Total</b>
Top priority	58
Some priority	37
No priority	4
Skipped	1

<b>Limiting the power and influence of Iran</b>	<b>Total</b>
Top priority	35
Some priority	54
No priority	10
Skipped	1

<b>Improving relationships with our allies</b>	<b>Total</b>
Top priority	51
Some priority	45
No priority	4
Skipped	1

<b>Taking measures to protect the U.S. from terrorist attacks</b>	<b>Total</b>
Top priority	68
Some priority	26
No priority	5
Skipped	1

<b>Getting other countries to assume more of the costs of maintaining world order</b>	<b>Total</b>
Top priority	37
Some priority	53
No priority	9
Skipped	1

## TOPLINE & METHODOLOGY

### About the Study

This ABC News/Ipsos poll was conducted June 11 to June 12, 2021 by Ipsos using the probability-based KnowledgePanel®. This poll is based on a nationally representative probability sample of 509 general population adults age 18 or older.

The survey was conducted using KnowledgePanel, the largest and most well-established online probability-based panel that is representative of the adult US population. Our recruitment process employs a scientifically developed addressed-based sampling methodology using the latest Delivery Sequence File of the USPS – a database with full coverage of all delivery points in the US. Households invited to join the panel are randomly selected from all available households in the U.S. Persons in the sampled households are invited to join and participate in the panel. Those selected who do not already have internet access are provided a tablet and internet connection at no cost to the panel member. Those who join the panel and who are selected to participate in a survey are sent a unique password-protected log-in used to complete surveys online. As a result of our recruitment and sampling methodologies, samples from KnowledgePanel cover all households regardless of their phone or internet status and findings can be reported with a margin of sampling error and projected to the general population.

The study was conducted in both English and Spanish. The data were weighted to adjust for gender by age, race/ethnicity, education, Census region, metropolitan status, household income, and party identification. The demographic benchmarks came from 2019 American Community Survey (ACS) from the US Census Bureau. Party ID benchmarks are from recent ABC News/Washington Post telephone polls. The weighting categories were as follows:

- Gender (Male, Female) by Age (18–29, 30–44, 45–59, and 60+)
- Race/Hispanic Ethnicity (White Non-Hispanic, Black Non-Hispanic, Other or 2+ Races Non-Hispanic, Hispanic)
- Education (High School graduate or less, Some College, Bachelor and beyond)
- Census Region (Northeast, Midwest, South, West)
- Metropolitan status (Metro, non-Metro)
- Household Income (Under \$25,000, \$25,000-\$49,999, \$50,000-\$74,999, \$75,000-\$99,999, \$100,000-\$149,999, \$150,000+)
- Party ID (Democrat, Republican, Independent, Something else)

The margin of sampling error is plus or minus 4.7 percentage points at the 95% confidence level, for results based on the entire sample of adults. The margin of sampling error takes into account the design effect, which was 1.19. The margin of sampling error is higher and varies for results based on sub-samples. In our reporting of the findings, percentage points are rounded off to the nearest whole number. As a result, percentages in a given table column may total slightly higher or lower than 100%. In questions that permit multiple responses, columns may total substantially more than 100%, depending on the number of different responses offered by each respondent.

## TOPLINE & METHODOLOGY

### About Ipsos

Ipsos is the world's third largest Insights and Analytics company, present in 90 markets and employing more than 18,000 people.

Our passionately curious research professionals, analysts and scientists have built unique multi-specialist capabilities that provide true understanding and powerful insights into the actions, opinions and motivations of citizens, consumers, patients, customers or employees. We serve more than 5000 clients across the world with 75 business solutions.

Founded in France in 1975, Ipsos is listed on the Euronext Paris since July 1st, 1999. The company is part of the SBF 120 and the Mid-60 index and is eligible for the Deferred Settlement Service (SRD).
