Assisted Dying

1000 Adults 16-75 UK

Q3. Do you think that it should be legal or not for a doctor to assist a patient (aged 18 or over in ending their life, if they are not terminally ill), but are physically suffering in a way that the patient finds unbearable and which cannot be cured or improved with existing medical science, and where the patient has expressed a clear desire to end their life? Assume that the other conditions for assisted dying outlined above are met. - If they are physically suffering All Adults aged 16-75 in UK
